PRESIDENT

Tom McAllister, 78th President

Happy New Year! I hope that you had a great holiday season and were able to spend some time with family and friends. I hope everyone is ready to start 2012 off with a bang!

I'd like to begin by congratulating Mary Jo and her 2011 Board of Directors on the year they had last year. You provided the 2012 team with a solid foundation to build on, and we thank you. You imagined the possibilities and impacted the chapter and the community, while still having fun!

The leaders that have stepped up to the 2012 Board of Directors are committed to making 2012 a year to remember. These individuals are busy behind the scenes, going through trainings, setting goals, and putting together a plan of action to raise the bar in 2012.

In order to create a truly great plan, though, we need some new project ideas. That's where you the members come in. What would you like to do next year? Is there something you've always wanted to do, but haven't yet? Maybe it's going zip lining, or charter fishing, or even riding in a race car! Don't worry-we will still run our signature projects, like Summer Carnival, the 4th of July Parade, and the Easter Egg Scramble, but we're looking for some new blood. We are looking for ideas for another large management fundraiser as well. How can you do tell us your new ideas? I'm glad you asked!

The 2012 Chapter survey will be released just before the January 5 GMM. We need and expect everyone's input. This is your chance to say, "I want to do THIS". If you don't see your project idea on the survey, please write it in! Remember, this is your chapter, and we want you to have the best year you've ever had with this organization. The way we can do that is by having fun and running new and exciting projects. The 2012 team is going to do their very best to involve everyone this year – whether you are looking for more family-oriented projects or a night out on the town with your friends at a local establishment.

Why is getting involved in the Jaycees so important? Let me count the ways! You can make new friends, make new business contacts, learn project management skills (every employer looks for this!), and learn how to be a leader. These skills can even help you land a new job, as I can attest to! That's truly just the tip of the iceberg, too.

Being involved with the Jaycees is not about what the Jaycees do for us personally. It's about the impact we can make on the community. We had 500 people at our Easter Egg Scramble last year. We had thousands at the 4th of July Parade and Summer Carnival. We helped kids buy presents for their family for the first time at Holiday Helpers. These are the kinds of things that really make you feel good inside, and make you feel like you are really giving back to the community. Who doesn't like that?

Well, it is that time of year again when we reflect on the past and look forward to the future. If you are like many, you are thinking about changes that you want to make for 2012. For many, New Year's resolutions are often hard to keep up for an entire year (and beyond) but these 10 steps can make the process a little easier.

- Be specific- if you want to exercise more think about what type of exercise you want to do. Do you want to go to the gym? Do you want to take up running?
- Be realistic- set goals that you know that you will be able to obtain. For example if you want to pick up running but you haven't been very active in the past, running a marathon most likely won't be feasible this year. However, running a 5K might be just your speed.
- Don't wait until the last minute to make your resolutions- set aside some quiet time and think about what changes are most important to you and what you want to accomplish over the year and if it is something you can really commit to.
- Only set one or two goals- don't overwhelm yourself by trying to make too many changes at once. It will be harder to give them all a 100% percent of your effort.
- Create a plan- think about how you are going to accomplish your goals and integrate the changes into your lifestyle. For instance if you want to eat healthier how are you going to plan your meals? Are you going to eat out less?
- Take baby steps- In most cases you don't have make drastic changes or see immediate results. If you are going to run a 5K then start with the goal of running a ½ mile or a mile and build up to 3.1 miles.
- Celebrate the small successes- enjoy the journey. If you run mile, make a note of it and use it as motivation for the next step.
- Find a support person or system- It can be a significant other, friend, family member or program. But find someone that can help when you are struggling, give you that extra motivation or has set similar goals.
- Keep track of your progress- if you are looking to lose weight, track what you eat each day or how often you exercise.
- Don't give up- Keep in mind that the journey is often filled with some setbacks, don't beat yourself up if you experience one. Keep your eye on the goal and get back on track.

Good Luck and HAPPY NEW YEAR!!

~Relay for Life Committee Meeting

Welcome to 2012! I hope everyone had a fantastic Holiday Season and is ready for another great year with the Ann Arbor Jaycees. First, I'd like to introduce myself and how I came to be the Management VP for 2012; I feel this is important as I spent the majority of 2011 away from Ann Arbor in the Great White North and many of you may be wondering who the heck I am.

Name: Aaron Bebee

Age: Reluctantly sliding towards 30

Location: Ann Arbor...but I have dabbled in Saline, Ypsi and Traverse City...none of them have "it" quite like Ann Arbor

Why I Joined the Jaycees: #1- Resume building (and it worked), #2- Individual Development projects (lots of fun!)

What I'm looking forward to in 2012: Finding new ways to raise money for the chapter that are both exciting for the membership and community

Favorite non-Jaycee Activity: Adventure motorcycle riding and indoor soccer

Industry: Community Banking

Roles filled in the Jaycees: Chairperson, Carnival Planning Committee, Staffed numerous large events and last but not least, exactly 48 days as 2011 Treasurer.

I've been an Ann Arbor Jaycee since March 2009 and have tried my hand at most of what the chapter has to offer from all four areas. I discovered my love for white water rafting in West Virginia through the Jaycees. I discovered the rewarding feeling of helping the less fortunate members of our community through the Jaycees with nothing more than a little bit of my time. I discovered how much fun chairing a membership project can be such as the Jaycee Bar Crawl. Lastly, I discovered how valuable being an Ann Arbor Jaycee can be to my career by helping chair, plan and staff projects. This is especially true for our large summer projects that are well recognized in the community such as the Summer Carnival, 4th of July Parade and Easter Egg Scramble.

How in the world did I discover so many things about myself in a little over two years? Simple, I "Raised the Bar" for myself personally and never refused a project that someone thought I would be good at, including being the 2012 Management VP. I will continue to "Raise the Bar" for myself, the chapter and my fellow Jaycees this year and only ask that each of you "Raise the Bar" too. Haven't chaired a project? Try it, we will give you the support and tools you need to succeed. Haven't staffed a large project? Try it; it truly is fun and rewarding in many ways. Have an idea for a project? Let a Board Member know about it. Have someone you think would be a good fit for the Jaycees? Bring them to an event and introduce them to everyone.

Chelsea Bear Factory Tour

Date: Saturday, March 3, 2012

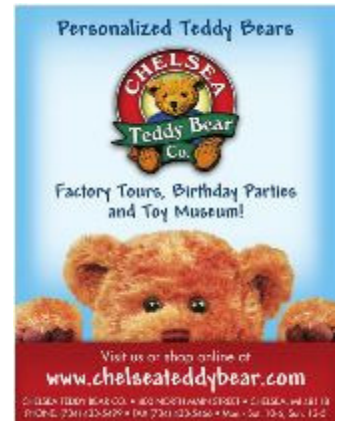

Time: TBD

Location: Chelsea Teddy Bear Factory and Toy Museum, 400 North Main Street, Chelsea, MI

Contact: Management@a2jaycees.org

Q: How many Teddy Bears can you fit in a 35,000 square feet warehouse?

A: 100,000 (WOW!). Come along with your fellow Jaycees and Junior Jaycees to see how a Chelsea Teddy Bear comes to life and see Historic Teddy Bears in the Toy Museum.

Membership

Ed Verhamme, Membership Vice President
membership@a2jaycees.org

Friends, Fun, and Family... those three words describe my goals this coming year for the Membership Area of the Ann Arbor Jaycees. I want to make sure that every member of this chapter has the opportunity to meet new people, make friends, and have fun while doing it. For members with kids I want you to feel welcome at our chapter events. In addition to our Junior Jaycee projects we will have chapter activities that are family friendly. However, please make sure to take some time for "you" this year and come out to some of our "adult" projects. I am very excited that Melissa Knitter and Heidi Miller are joining me this year in the Membership Area. As directors, Melissa and Heidi will be seeking out your ideas and making sure that we are doing things that YOU want us to do. PLEASE, PLEASE, PLEASE email, call or talk to myself, Melissa, or Heidi NOW as we are formulating the chapter plan for 2012. While we will be taking suggestions all year long, NOW is the time to get an event on the calendar.

This is now my third year serving on the Board of Directors of the Ann Arbor Jaycees. The only thing that keeps me coming back is knowing that the members in this chapter really do care about each other and this community. At every project and meeting I am always greeted by genuine welcoming faces. I am also always excited to meet our new members. As a young person's organization in a "college" town, there are always people coming and going in our chapter. While some people might see this as a disadvantage I see this as an opportunity to interact with hundreds, if not thousands of young people throughout the year. Be careful though, as you might just end up making a friend or having the time of your life!

Membership Directors

I think so many times in our busy lives that we get caught up living day to day. I know I do, especially after this pneumonia I've been fighting. It's all I can do to stumble through the day, let alone think about tomorrow, next week or next year.

However, now that I'm on the mend, I'm determined to look to the future and I'm asking you, my fellow Jaycees to do the same. Think about where you want to go professionally, what you want to learn and the person that you want to become. The Jaycees can help you on every step of your voyage! Maybe you want to become more comfortable with public speaking, learn self-defense skills, wine/food pairings, relaxation skills, yoga and so on.

I challenge each of you to come up with a list of 5 professional and 5 personal skills that you would like to learn in 2012. Then, I'd ask that you email me that list so that your ID team, myself and Director Jill Wittrock can bring you projects tailored to your needs. Below is my list of what I'd like to learn to do this year.

Professional Skills	Personal Skills
To become a more relaxed public speaker How to use Google Docs Business dinner etiquette Interviewing skills Social media/blogging for career advancement	Self defense Healthy cooking for picky eaters Zumba Meditation Craniosacral massage therapy

Here's to a wonderful and learning-filled 2012!
